## Welcome to our May Newsletter!

April proved to be a very busy and exciting month in Plum Pudding. The weather changed a lot during the month and in spite of the rainy days we tried to spend as much time in the garden as we could. However, aside from the free playing time outside, we also had a lot of talk about the nature. After so many winter days it was interesting to see which trees would blossom first, the plum tree, then the cherry tree. The children were amazed by all their bright flowers. Another interesting aspect of the garden were the creatures coming out when the spring arrived: the butterflies, the worms and the different bugs.

On the **12 of April** Plum Pudding opened its doors to all the parents, there was an **Open House** held. All the children and the all the teachers were very excited. There were three activities on the programme. We started with a singing-music activity. All the favourite songs were sung by us, like *Twinkle, twinkle, Chick, chick chicken, Two little dicky birds...* and a lot more. Everybody enjoyed the little puppet show about the farm. The farmer in the dell is loved by all the groups. Dancing and singing *Head and shoulders* and *Bunny pockey* are always a big fun. During the art activity the children made lovely spring flowers by finger prints. There was not any paper that stayed white... In the gym all the balls flew up in the air when the kids started to move. We would like to take this opportunity to thank all the parents for their continued support and enthusiastic participation during the Open House. We hope that you enjoyed looking through your child's learning journey and that you received plenty of feedback on how well your child is progressing in the kindergarten.

Around the middle of the month we started our **Easter** projects. Throughout the month there were new spring and Easter songs for all the groups. The kids were very fond of „*Good morning Mrs. Hen*” and „*Rabbit doesn't have a motor car*”, songs with lots of movements. We also played out „*Little chicken in the farm*” with puppets. Before Easter all the groups made a nice holiday craft. Fluffy little lambs, funny bunnies, colorful Easter eggs were made. Everyone had lots of fun with the fluffy material! At the end of the week there was an Easter egg hunt in the park nearby. Let's hope that all the chocolate eggs and Kinder Surprises were found...

A few days after the official **Earth Day** we also celebrated this event in Plum Pudding. We explained to the children what Earth Day represents and discussed the importance of keeping our earth clean and preserving its natural resources. We talked about how to keep the environment free for further damage. Thank you all for the plants that you brought to Plum Pudding. Thank you for being part of our Earth Day and making it special. It was great to see the children how they enjoyed planting. We planted the plants with them using little shovels, spades, watering cans... and now it is our job to keep them nice and strong! We are going to look after them, water them and observe the growth of the different plants.

On the last two weeks of the month we started to prepare ourselves for Mother's Day by learning cheerful spring songs and chants. We were very busy with making a special gift, a flower pendant for the Mothers. The children were very excited about keeping this as a secret! During our circle time we had discussions about the family, members of a family, and different celebrations. As a creative extension to the theme, the children had been busy making paper decorations and window ornaments.

We would like to let you know that Plum Pudding will be open throughout the whole summer, except from July 31 – August 11. All the children are welcome during the summer and we organize several different weeks.

Our themes are the following:

**Knights & Princesses week (26 June-30 June)**

**Science week - Magic fingers in the Mad Lab (3 July-7 July)**

**Move with us – Karate week (10 July-14 July)**

**Pirate adventures (17 July–21 July)**

**International week - Let's travel around the world together (24 July-28 July)**

**Red Indian week (14 August–18 August)**

**Fitt & Well - Let's live healthy (21 August–25 August)**

***Let's spend the summer together, in Plum Pudding!***
