- *December 16.-án 16 órától karácsonyi party.*
- *December 22 - Január 2.-ig zárva tartunk.*

## **A very warm welcome to another exciting year at PLUM PUDDING!**

Here we are again with our first newsletter.

Summer flew away very quickly and autumn just arrived with the beginning of the new school year.

Firstly, we would like to let you know that we are very glad to be with our preschoolers and toddlers from the last year and with our newcomers, as well. We really hope that they feel comfortable and happy in Plum Pudding. As the lovely warm September turn into colder October, our newcomers have managed to settle in very nicely. It took a while until all of them stopped to cry at all and explore the new place and faces and get familiar with us teachers and with their mates as well.

We had a quite long break in real “work” with the children, as we were enjoying summer together in the Summer Camp. We had some trips to many different countries on national days and did many exciting programmes, although the weather was not always very friendly with us.

Our little Plum Pudding Globetrotters visited Australia, China, Denmark, Turkey, Cuba... various countries and discovered new cultures... In the land of the Aussies the kids painted aboriginal boomerangs, and made Sydney –opera House postcard. When their airplane landed in China there was a nice treat of rice and meat. Once being in Denmark we immediately dived into the sea to meet the Little Mermaid and we roamed around in the forest to capture trolls. In Turkey the kids made colourful bracelets and in the sunny Cuba they painted flags. We all hope everybody liked our journey around the world.

In September we spent a lot of time outdoors. The weather was great, the long sunny hours allowed us to play hide-and-seek, catcher game, football in the huge garden. The more time we spent together the happier the children came to be. In the middle of September all the groups had started the morning and the afternoon activities. During morning circle time we already learnt new songs, chants. The favourites are: Whenever I hear this music, Autumn leaves are falling.

On the very last day of the September suddenly all the rooms went quiet, all the doors and windows kept tight closed... no wonder, why! We gathered together for a walk to Normafa. After catching the cogwheel train at the station of Városmajor, in no time we could find ourselves in the Buda hills. All the kids had lots of fun playing around at Normafa playground. And a real field trip can't happen without a picnic. Under the big, tall chestnut trees everyone ate sandwiches like very hungry caterpillars... This Friday was a special day for us. Walking made the children very happy; they enjoyed the picnic.

We have sent all parents important information about our school policies. These include areas such as discipline, safety, sickness and accident and other important & general informations. Please read it through carefully and make sure to follow what is written in it .

Please record the important diary dates listed on the first page.

**We do look forward to a happy, successful school year! Our pleasure is to be with your child! We appreciate your trust in us and in our method of teaching children and make them to enjoy language and activity based learning in a very joyful way!**
